Eric

Matt and I discussed on the phone regarding the notice to initiate field work in the report.

The following work is planned for the next two months:

- RI/FS field activities are scheduled to be initiated on May 2, 2016. (This letter is intended to fulfill the Settlement Agreement Section XI, Paragraph 55 requirement for advance notice of those field activities to EPA).

This serves as advance notice of the field activities to EPA pursuant the Settlement Agreement. See attached letter.

One request, please include Michael Cave in your distribution for the Bi-Monthly Progress Report. He is the Lead Administrative Trustee. Thanks.

Eric

Good catch. I meant to say "I reviewed the report and have no questions/comments at this time."

Thanks Raji. I will copy Lam in the future. Did you mean to say that you have no comments, or that you will be provided comments in a separate e-mail?

Thanks again.

Thanks Eric. Sending via email is fine. For future bi-monthly reports please copy Lam Tran (TCEQ) when you send these to me. That way TCEQ gets it at the same time EPA does. This time I have forwarded it to him.

I reviewed the report and have questions/comments at this time.

Hi Raji –

Please find attached the first Bi-Monthly Progress Report for the USOR AOI-1 RI/FS. Per the Settlement Agreement provisions, we were planning on only submitting this electronically (i.e., we were not planning on mailing a hard copy to you), so let me know if you would also like a hard copy. Please let me know if you have any questions/comments or would like any modifications to the report format.

Thanks.
